

Andre modular straight staircase

Andre scară modulară dreaptă

en

The ladder has a solid metal structure that allows the mounting of a bearing for turning at 90 °. The railing is a classic one with metal railings and a beech handrail.

The staircase has 11 steps of 3cm lacquered beech plywood.

The width of the ladder is 60cm and the height between two steps is adjustable from 17 to 23cm. The height of the ladder is from 207 to 276cm and the minimum required gap is 148x70cm.

Optionally, additional steps, an additional railing and a landing can be installed.

The color variants for the electrostatically painted metal elements can be white, gray or black.

ro

Scara are structură metalică solidă ce permite montarea unui palier pentru întoarcere la 90°.

Balustrada este una clasică cu baluștri din metal și mână curentă din fag.

Scara are 11 trepte din placaj de fag de 3cm lăcuit.

Lațimea scărilor este de 60cm iar înălțimea dintre două trepte este reglabilă de la 17 la 23cm.

Înălțimea scărilor este de la 207 la 276cm iar golul necesar minim este de 148x70cm.

Opțional se pot monta trepte suplimentare, balustradă suplimentară și palier.

Variantele de culori pentru elementele din metal vopsite electrostatic pot fi de alb, gri sau negru.
